AI Accelerator Agenda

Build an Agentic AI Application in One Day
Learn how to build, govern, and deploy agentic AI applications through a full day of hands-on work. Using C3 Code, your own data, and a high-value use case, your team will build a working application and gain the skills to continue building after the event.

8:30–8:45 AM	**Arrival & Coffee**	Meet the team, connect to your workspace, and get your data ready.
9:00–9:15 AM	**Building Agentic AI Apps for the Enterprise with C3 Code**	Explore how teams use C3 Code to turn business challenges into working applications. C3 AI leadership will share customer examples, show where AI creates value, and introduce the approach you will use during the workshop.
9:15–10:45 AM	**Guided Build: Learn the Fundamentals**	Get hands-on with C3 Code through example prompts and guided exercises. Build your first application and learn the fundamentals you'll apply to your own use case.
10:45–11:00 AM	**Break**	
11:00–12:00 PM	**Apply It: Build Your Use Case**	Put the fundamentals into practice with your own data and business challenge. Work with the team to refine prompts, test your application, and explore security and governance considerations.
12:00–1:00 PM	**Working Lunch and Team Showcase**	Demonstrate your application, share what you learned, and see what other teams built. Discuss ways to improve your application and identify next steps.
