Build an Agentic AI Application in One Morning
Learn how to build, govern, and deploy agentic AI applications through a morning of hands-on work. Using C3 Code, your own data, and a high-value use case, your team will build a working application and gain the skills to continue building after the event.

08:00–08:30	**Breakfast and Networking**	Network with peers from across industries over a croissant and coffee.
08:30–09:00	**Kickoff**	Opening remarks from an industry leader, followed by a walkthrough of the format for the morning.
09:00–12:00	**Application Build**	Build your application using C3 Code on the C3 Agentic Platform, the industry-leading enterprise AI agentic application development environment. C3 experts will be on hand to guide you all the way, using your own or synthetic data. Note: bring up to two years of your own data to receive insights on the day.
12:00 onwards	**Lunch and Application Reviews**	Present your applications back to the group and share learnings.
